

i ALCO SUPREME AND ITS VARIOUS OPTIONAL APPLICATIONS - *CheckPoint*

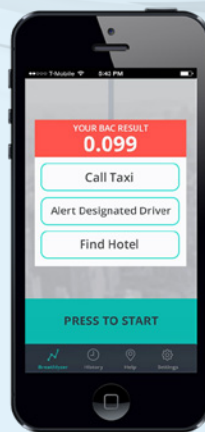

In addition to its basic features, **i Alco Supreme** offers optional applications in English for Apple products at a low cost! Easy to understand, use and interpret, they will be very useful!

▲ PHOTO VERIFICATION

The application allows you to view in real time the person blowing in the **i Alco Supreme**. A text message with the alcohol level is automatically sent to another smartphone. Ideal for parents and workers using a vehicle in the course of their duties.

◀ CALL A TAXI, ALERT DESIGNATED DRIVER AND FIND A HOTEL

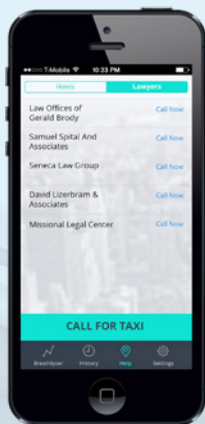

Your alcohol blood level is displayed in 2 colors:
Blue: you are below the legal limit
Red: you are above the legal limit

If you are above the legal limit, the application will provide you with various alternatives:

Call a taxi: the GPS on your smartphone will allow the application to locate taxi companies that are near your location.

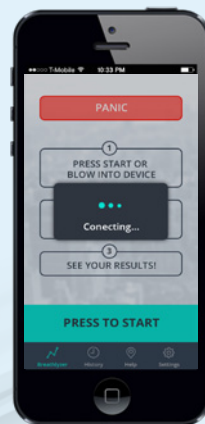

Alert designated driver: you can contact the person previously chosen as a designated driver.

Find a hotel: from the proposed list, you can find a hotel within easy walking distance at reduced prices.

◀ NEED A LAWYER

If needed, you will have the phone number of a law firm with expertise to address the problem of impaired driving.

◀ PANIC FEATURE

In cases of problematic situations, just click on this option, and you will get in touch with the person previously listed in your contacts. *CheckPoint* determines your location every 10 seconds.

i Alco Supreme and its optional English applications for Apple products offers you the protection of an alcohol sensor in addition to other possibilities which will make your life easier.
