

BACtrack Go Breath Alcohol Detector

BACtrack Go is one of the smallest breathalyzers ever designed. It uses an advanced alcohol sensor to quickly and easily estimate a user's Blood Alcohol Content (BAC). Simply blow through the flip-up mouthpiece and an estimate of your BAC is displayed in under 5 seconds—it's that easy! Learn how alcohol affects your BAC and always make smart, informed decisions.

Key Features

- Folding mouthpiece design – sanitary and easy to share.
- Compact and easy to carry; use as a keychain
- Highly accurate – contains MicroCheck® sensing technology

Perfect for Those on the Go

BACtrack® Go is a handheld, battery-operated breathalyzer that quickly and easily screens for the presence of alcohol. Every test provides a BAC estimate using advanced alcohol sensing technology.

Easy to Use, Hard to Forget

- Wide test range – results displayed from 0.00-0.40% BAC.
- Easy-to-read 3-digit LED display
- Test results displayed in an easily recognized format.
- Innovative folding mouthpiece maximizes portability.
- Compact Design: Small enough to fit in a purse or pocket and can be used as a keychain.

Product Specifications

Dimensions	1.45 x 2.40 x 0.55 in.
Weight	2 oz (56g)
Sensor Technology	MicroCheck®
Detection Range	0.00-0.40% BAC
Mouthpieces	3 included
Power Supply	1 AAA battery
Warm up time	10-20 seconds
Blowing time	5 seconds
Warranty	1 year
