

# SOS FATIGUE PRO

## 3-in-1 Anti-Sleep Alarm

### DON'T FALL ASLEEP AT THE WHEEL

The **SOS Fatigue Pro** is an Anti-Sleep Alarm headset designed to keep you awake during potential loss of alertness caused by drowsiness or fatigue. The device detects when you nod your head while driving which may indicate you are falling asleep.

**The device warns you according to the mode you choose: alarm, vibration or both.**

### USEFUL FOR ALL DRIVERS

Car - Truck - Taxi - Bus - Industrial machinery operators  
Sales Representatives - Security Guards

### ADVANTAGES

Stay alert - Remain awake - Stay concentrated
